## Partnership Statement

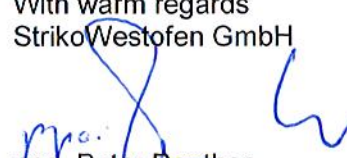

Dear Mr. Torun

We would like to thank you for the good and partnership-based cooperation during the planning phase for your new aluminum foundry in Istanbul. We appreciate the fact that you and your team have chosen StrikoWestofen products. We are also happy that you will decide to use our in-house respectively on site training realized by the StrikoWestofen academy. Moreover, we appreciate your coming decision to go for a maintenance contract with StrikoWestofen for the coming years.

We will also be happy to assist you in your existing and future projects with your customers through the consulting and process competence of our group members such as LMCS (Light Metal Casting Solutions) Tech GmbH. Together we can find the appropriate applications and solutions for the special needs. The projects and inquiries are of course subject to the given confidentiality according to the valid terms and conditions of our group members.

With the delivery of the ordered StrikoMelter and the Westomat dosing units, we would like to contribute to the future success of your start-up and look forward to a partnership-based future.

With warm regards  
StrikoWestofen GmbH

  
ppa. Peter Reuther

  
i.V. Christian Pfitzner
